

Vulnerability Scan Report

Generated for: test1

Target URL: https://pentestgpt.ai

Scan Date: 2025-04-30 11:34:36

Vulnerabilities Found:

1. SSRF in parameter url targeting 127.0.0.1
2. CSRF vulnerability in form at /login
3. CSRF vulnerability in form at /login
4. CSRF vulnerability in form at /login
5. Local File Inclusion in parameter file
6. SSRF in parameter url targeting 192.168.1.1
7. XSS (template-literal) in parameter q
8. Local File Inclusion in parameter file
9. SSRF in parameter url targeting 10.0.0.1
10. Local File Inclusion in parameter file
11. SSRF in parameter url targeting 169.254.169.254
12. SSRF in parameter proxy targeting 127.0.0.1
13. Local File Inclusion in parameter page

Vulnerability Scan Report

14. SSRF in parameter proxy targeting 192.168.1.1
15. XSS (template-literal) in parameter search
16. Local File Inclusion in parameter page
17. SSRF in parameter proxy targeting 10.0.0.1
18. Local File Inclusion in parameter page
19. SSRF in parameter proxy targeting 169.254.169.254
20. SSRF in parameter image targeting 127.0.0.1
21. Local File Inclusion in parameter load
22. XSS (template-literal) in parameter name
23. SSRF in parameter image targeting 192.168.1.1
24. Local File Inclusion in parameter load
25. SSRF in parameter image targeting 10.0.0.1
26. Local File Inclusion in parameter load
27. SSRF in parameter image targeting 169.254.169.254
28. SSRF in parameter load targeting 127.0.0.1
29. Local File Inclusion in parameter template

Vulnerability Scan Report

30. SSRF in parameter load targeting 192.168.1.1
31. XSS (template-literal) in parameter comment
32. Local File Inclusion in parameter template
33. SSRF in parameter load targeting 10.0.0.1
34. Local File Inclusion in parameter template
35. SSRF in parameter load targeting 169.254.169.254
36. SSRF in parameter fetch targeting 127.0.0.1
37. Local File Inclusion in parameter view
38. XSS (template-literal) in parameter user
39. SSRF in parameter fetch targeting 192.168.1.1
40. Local File Inclusion in parameter view
41. SSRF in parameter fetch targeting 10.0.0.1
42. Local File Inclusion in parameter view
43. SSRF in parameter fetch targeting 169.254.169.254
44. SSRF in parameter redirect targeting 127.0.0.1
45. Local File Inclusion in parameter path

Vulnerability Scan Report

- 46. XSS (template-literal) in parameter message
- 47. SSRF in parameter redirect targeting 192.168.1.1
- 48. Local File Inclusion in parameter path
- 49. Local File Inclusion in parameter path
- 50. SSRF in parameter redirect targeting 10.0.0.1
- 51. SSRF in parameter redirect targeting 169.254.169.254
- 52. XSS (template-literal) in parameter input
- 53. XSS (template-literal) in parameter text

Total Vulnerabilities Found: 53
